NURSERY

ABIES koreana Cis
☀️ 3'h x 4'w 18"p

(Cis Fir) Radially held, dark green needles lie flat to the stem and serve as a backdrop for the attractive small brown buds at the branch tips. Flattened, spherical, formal, clean, tidy appearance and glistening foliage.

 **ACER palmatum Aka Shigitatsu sawa**
☀️ 8-10"h 8'w 4'p

(Japanese Maple) New foliage is maroon developing to yellow-green with over tones of pink and red. Bushy growth habit.

 **BERBERIS thunbergii Gold Beret**
☀️☀️☀️ 6-12"h 12-18" w 1g.

(Barberry) Dwarf, low-mounding gold barberry. Red new growth and red fall color. Burn resistant.

 **CHAMAECYPARIS obtusa Golden Fern**
☀️☀️☀️ 6'h 4'w 1'p

(Golden Fern Hinoki Cypress) Bright yellow fern-like tips, powder-blue inner growth. Slow growing, pyramidal habit. Protect from extremes. Best in well-drained soil.

 **GENISTA pilosa**
☀️ 2'h 3'w 1'p SPRING

(Silky Leaf Woadwaxen) Grayish green leaves. Yellow flowers. Requires well-drained soil. Procumbant habit. Fine-textured in appearance.

 **HYDRANGEA arborescens Invincibelle Spirit**
☀️☀️☀️ 3-4'h 4-5'w 1g. SUMMER

(Hydrangea) Pink flowered form of Annabelle. Rebloomer.

 **PICEA orientalis Skylands**
☀️ 20' h 8' w 4'p

(Skyland's Spruce) Typical habit of the species but slow developing in early years. Glowing yellow year round. More green contrast on lower, shaded interior.

PERENNIALS

 **BRUNNERA Diane's Gold**
☀️☀️☀️ 12"h 24"w SPRING

(Alkanet) Holds chartreuse color well throughout the summer.. Discovered in Madison, WI.

 **CHASMANTHIUM River Mist**
☀️☀️☀️ 30-36" h SUMMER

(Variegated Northern Sea Oats) An exciting new variegated form with bright green and white striped, bamboo-like foliage. Silvery green, oat-like seed heads on arching stems.

 **DICENTRA s. Gold Heart**
☀️☀️☀️ 30"h SPRING

(Bleeding Heart) Same old fashioned Bleeding Heart with pink flowers but with bright golden-yellow foliage, use as an accent plant in the shady woodland garden.

GERANIUM Espresso
☀️☀️☀️ 10-12"h SUMMER

(Cranesbill) Pale lavender pink flowers over attractive red-brown foliage. Species is found in open woods, clearings, woods edges.

 **HEUCHERA Electric Lime**
☀️☀️☀️ 12-16"h 28"w SPRING

(Coral Bells) The big sister to 'Electra' sporting red veins in cool temperature on huge leaves, lime tinted foliage forms tight mounds with densely packed white flowers. Heat and humidity tolerant.

 **LAVANDULA Silver Edge**
☀️☀️☀️ 36-40"h SUMMER

(English Lavender) Variegated lavender with fragrant, grey-green leaves and creamy white margins. Small, violet blue, upright flower spikes.

 **PENSTEMON Dark Towers**
☀️☀️☀️ 36-42"h SUMMER

(Beardtongue) Foliage is deep wine purple through the summer and heat. Masses of lavender pink flowers atop upright stems.
